## National Systems

Policy		(Yes;Partially;No)
Q14	Has your Country implemented a national policy for radioactive waste management?	Partially
Comment # 7245: Poicy Information		
There are no supporting documents. A licence must be obtained from the Competent Authority (RPII) for the purchase,use, custody and transportation of any radioactive source. SRS Waste is controlled and minimised by applying a return to the supplier policy. When a user makes an application for the purchase of a sealed source, they must provide written evidence that the supplier is willing to accept the return of the source when it becomes disused.		

Strategies		(Yes;Partially;No)
Q15	Has your country developed strategies to implement a national policy?	Yes
Comment # 7246: Strategy information		
Policy requires that purchaser of a sealed source has an agreement with supplier for its return when it becomes disused.		

Requirements		(Yes;Partially;No)
