Comment # 12307: Site Queensland

Queensland's radioactive waste store is operated by Queensland's radiation regulatory authority under the scrutiny of the Radiation Advisory Council, an independent Ministerial Advisory Body, and the Management Advisory Committee, a public interface Committee which advises the Minister. The purpose of the store is to provide safe and secure storage for radioactive substances which have outlived their useful service and which are not able to be disposed of at this time. The facility is located in South East Queensland, in the Shire of Esk.
