

Site (Data) : Repository

Stock of waste as at December 2009

Country: CUBA

Reporting Year: 2009

Site Name: Repository

Full Name: Repository for final disposal of radioactive waste

Inventory Reporting Date: December 2009 Waste Matrix Used: Waste Cuba

Comment **# 230: Repository**

The repository was planned for the final disposal of low and intermediate level radioactive wastes from Juragua Nuclear Power Plant and nuclear applications. The construction of the NPP was stopped, as well as the studies regarding this repository.
