reactor waste	No	No	
spent fuel	No	Yes	
List SRS?	No		
List UMMT?	No		
Type:	geological (cavern)		
Facility is modular?	No		
Depth (m):	400-700	Host medium:	crystalline rock (gneiss)
<b>Phase Name</b>	<b>Start Year</b>	<b>End Year</b>	<b>Estimate</b>
planning and/or concept assessment	1983	1985	False
site selection		2001	False
design		2003	False
construction	2012		True
Comment	<b># 9657: Disposal Facility SFdisposal</b>		
Posiva has started grouting an underground rock laboratory, called ONKALO, in 2004. One of the main purposes of ONKALO is to verify the suitability of the site for disposal. ONKALO is also planned to be part of the forthcoming disposal repository.
