Comment **# 7066: Storage Units in TokyoEP::Fukushima Daiichi NPP**

- SWS/B: Solid Waste Storage Bldg.
- CentralWM: Central Waste Management facility
- AuxPool/B: auxiliary shared pool Bldg.

The site bunker facility (Bunker/B) has storage pool dedicated for core parts (such as spent control rods, channel boxes). Spent fuel pools in which core parts are also stored, and several tanks may correspond to storage units; however are left out. (See comment in waste inventory section.)
